| 9/8/21 | Wednesday | Stephanie M. Perez, Ph.D.  
Department of Pharmacology  
UT Health San Antonio  
San Antonio, Texas | Circuit based alterations in rodent models: potential novel therapeutic targets for psychosis? |
| 9/13/21 | Monday | Joanna Louisa Jankowsky, Ph.D.  
Professor Department of Neuroscience  
Baylor College of Medicine | Uncovering neuronal vulnerability through chemogenetic modeling of Alzheimer's disease |
| 9/15/21 | Wednesday | John Wood, Ph.D.  
Molecular Nociception Group  
Wolfson Institute for Biomedical Research  
University College London  
London, UK | Peripheral pain pathways |
| 9/22/21 | Wednesday | Mark P. Goldberg, M.D.  
Institute for Integration of Medicine & Science  
UT Health San Antonio  
San Antonio, Texas | The “stroke reconnectome”: Looking at post-injury CNS recovery in mouse models |
| 9/28/21 | Monday | Bess Frost, Ph.D.  
Associate Professor  
UT Health San Antonio  
San Antonio, Texas | Transposable Element Activation in Tauopaathy: From Bench to Bedside |
| 10/13/21 | Wednesday | Georgianna Gould, Ph.D.  
Department of Cellular and Integrative Physiology  
UT Health San Antonio  
San Antonio, Texas | Influence of diet on transporters of serotonin and social behaviors |
| 10/18/21 | Monday | Bruce Lamb Ph.D.  
Executive Director  
Paul and Carole Stark Neurosciences Research Institute  
Indiana University | TBD |
| 10/20/21 | Wednesday | David R. Maguire, Ph.D.  
Department of Pharmacology  
UT Health San Antonio  
San Antonio, Texas | TBD |
| 10/25/21 | Monday | Craig Brown, Ph.D.  
Associate Professor Division of Medical Sciences  
University of Victoria | TBD |

Neuroscience students are required to attend at least one seminar each week.  
Seminars are scheduled at 12:00pm  
Wednesday’s Zoom: Codes will be emailed, weekly.  
Monday’s Zoom: 217 047 0487  PASSWORD: CIPhys773!
# Neuroscience Seminars
## Fall 2020

**UT Health San Antonio**

*Graduate School of Biomedical Science*

| 10/27/21 | Wednesday Virtual | Matthias Ringkamp, M.D., Ph.D.  
Department of Neurosurgery  
Johns Hopkins School of Medicine  
Baltimore, Maryland | TBD                                      |
| 11/10/21 | Wednesday Virtual | James P. Herman, Ph.D.  
UC Neurobiology Research Center  
Stress Neurobiology Laboratory  
University of Cincinnati  
Cincinnati, Ohio | TBD                                      |
| 11/17/21 | Wednesday | | SfN in Chicago |
| 11/29/21 | Monday Virtual | Hye Young Lee, Ph.D.  
Assistant Professor  
Dept. Cellular and Integrative Physiology  
UT Health San Antonio | TBD                                      |
| 12/1/21  | Wednesday Virtual | Marco Pravetoni, Ph.D.  
Department of Pharmacology  
University of Minnesota Medical School  
Minneapolis, Minnesota | TBD                                      |
| 12/6/21  | Monday Virtual | Sarah Hopp, Ph.D.  
Assistant Professor  
Biggs Institute for Alzheimer’s & Neurodegenerative Disease  
Department of Pharmacology  
UT Health San Antonio | TBD                                      |
| 12/8/21  | Wednesday 444B | Senlin Li, M.D.  
Department of Medicine – Infectious Disease  
UT Health San Antonio | Hematopoietic stem cell-based microglia-mediated therapeutic gene delivery for Parkinson’s disease |
| 12/15/21 | Wednesday Virtual | Emily Jutkiewicz, Ph.D.  
Department of Pharmacology  
University of Michigan  
Ann Arbor, Michigan | TBD                                      |
