

# CSA 2022 - 2023 SEMINAR SERIES

**4 OCT**

**Gregg Roman, Ph.D., Professor**

University of Mississippi

*“Presynaptic regulation of alcohol tolerance in drosophila”*

Host: Dr. Miguel De La Flor, Postdoctoral Fellow

**11 OCT**

**Gemma Casadesus Smith, Ph.D., Professor**

University of Florida

*“Understanding the impact of endocrine dysregulation on the CNS to inform AD prevention and treatment”*

Host: Dr. Yidong Bai, Professor

**18 OCT**

**Sapna Vijayakumar, Ph.D., M.B.A.**

University of Texas Health, San Antonio

*“From research to consulting in life sciences”*

Host: Dr. Robin Leach, Professor

**8 Nov**

**Yaguang Xi, M.D., Ph.D., M.B.A., Professor**

LSU Health Sciences Center

*“Sulindac modulates the response of proficient MMR colorectal cancer to anti-PD-L1 immunotherapy”*

Host: Dr. LuZhe Sun, Professor

**29 Nov**

**Michael Feigin, Ph.D., Assistant Professor**

Roswell Park Comprehensive Cancer Center

*“Regulation of gene expression and microenvironmental signaling in pancreatic cancer”*

Host: Dr. Luke Norton, Associate Professor

**10 Jan**

**Pamela Maher, Ph.D., Professor**

SALK Institute for Biological Studies

*“Using the oxytosis/ferroptosis pathway to understand and treat age-associated neurodegenerative diseases”*

Host: Dr. Qitao Ran, Associate Professor

**31 Jan**

**Hui Shen, Ph.D., Associate Professor**

VAN ANDEL INSTITUTE

*“Title” TBA*

Host: Dr. Pei Wang, Associate Professor

**21 Feb**

**Stefan Strack, Ph.D., Professor**

University of Iowa

*“Title” TBA*

Host: Dr. Yidong Bai, Professor

**7 Mar**

**Iannis Aifantis, Ph.D., Professor**

NYU Longone Medical Center

*“Title” TBA*

Host: Dr. Peng Zhang, Associate Professor

**14 Mar**

**Adam Wilson, Ph.D., Associate Professor**

RUSH University

*“How to rebound from an anatomy educator shortage”*

Host: Dr. Rehka Kar, Associate Professor

**21 Mar**

**Michael Burton, Ph.D., Professor**

University of Texas at Dallas

*“The sex and cell specific role of TLR-4 induced pain”*

Host: Dr. Babatunde Oyajobi, Professor

**4 Apr**

**Li Qiang, Ph.D., Assistant Professor**

Columbia University

*“Depot-specific targeting of fat”*

Host: Dr. Lily Dong, Professor

**9 May**

**Daniela Salvemini, Ph.D., Professor**

Saint Louis University

*“Title” TBA*

Host: Dr. James Lechleiter, Professor
