FAQs

Welcome! Did you know?

- The Family Health Center is affiliated with the University of Texas Health Science Center at San Antonio (UTHSCSA). Our six family health care teams consist of a faculty physician team leader and six family medicine resident doctors. When you choose a Primary Care Physician (PCP), you are actually getting an entire team of providers to ensure that your care will be timely and continuous.
- Our staff of family medicine specialists offers complete services from prenatal care through childhood and into the senior years. We are committed to taking excellent care of our patients.
- Our “family” includes doctors, physician assistants, nurse practitioners, licensed vocational nurses, medical assistants, patient service representatives, and pharmacy consultants.

1. **Who do I call to schedule an appointment?** If you need to schedule an appointment with your Primary Care Provider (PCP) or if you need to obtain an appointment for a same day visit for an acute concern, please call our clinic at: 210.358.3985.
2. **Who do I contact to receive my Medication refills?** You would need to schedule an appointment with your PCP at 210.358.3985 or call our refill line at 210.358. 3793 and allow for 72 hours for refill requests to be processed.
3. **Who do I talk to about a concern, compliment, or suggest?** You can contact the Department of Patient Relations 210-358-0600 or patient.relations@uhs-sa.com
4. **Why do I receive my medication list after each visit?** For your safety, we want to ensure that all your medications are current.
5. **What is a Nurse Practitioner (NP)?** (NP) are advanced practice registered nurses (APRN) who are educated and trained to provide health promotion and maintenance through the diagnosis and treatment of acute illness and chronic condition.
6. **What is a Physician Assistant (PA)?** (PA) is a mid-level medical practitioner who works under the supervision of a licensed doctor (an MD) or osteopathic physician (a DO).
7. **What is a Primary Care Physician (PCP)?** A primary care physician, or PCP, is considered your main doctor and will be responsible for dealing with the vast majority of your health care issues.
8. **How do I change my PCP to a UHS provider to ensure insurance coverage?** You would need to call your insurance and request a PCP change. The back of the brochure has a list of current UHS providers for Family Health Center.

“FollowMyHealth is a patient portal that allows you to have access to your health information at the convenience and privacy of your home.”

All you need to create an account:

- Access to an email (alternative log in options: i.e. Google, Facebook, Yahoo, etc.)
