

UT Health San Antonio

DEPARTMENT OF MOLECULAR MEDICINE
Institute of Biotechnology

Spring 2020 Seminar Series

- Josephine Taverna, M.D.** UT Health San Antonio Wednesday, March 11, 2020
“Single Cell Profiling for AXL-JAK Targeting in Lung Adenocarcinoma” STRF Boardroom 1.102
- Benny Kaiparettu, Ph.D.** Baylor College of Medicine Wednesday, March 18, 2020
“Hybrid Metabolic Status and Mitochondrial Energy Reprogramming in Cancer” STRF Boardroom 1.102
- Timothy Thompson, Ph.D.** UT MD Anderson Cancer Center – Houston *Wednesday, April 8, 2020
“Novel Approaches to DNA Damage Response – Targeting Therapy for Prostate Cancer” School of Medicine Rm 309L
- James E. Haber, Ph.D.** Brandeis University **Tuesday, April 14, 2020
“Stability and instability in the Repair of a Broken Chromosome” School of Medicine Rm 209L
- Davide Ruggero, Ph.D.** University of California, San Francisco Wednesday, April 15, 2020
“Gene Mutation, Transcription Rewiring and Therapy Resistance:” STRF Boardroom 1.102
- Xu, Zhenming “Jack”, Ph.D.** UT Health San Antonio Wednesday, April 22, 2020
“B Lymphocytes in Health and Disease” STRF Boardroom 1.102
- Tom Boyer, Ph.D.** UT Health San Antonio Wednesday, May 13, 2020
“Molecular Basis of Mediator Subunit MED12 in the Pathogenesis of Uterine Fibroids” STRF Boardroom 1.102
-

[VIDEO CONFERENCE](#) to Texas Biomed, Meyer Electronic Classroom, Room 12.216

Seminars are held on Wednesdays 11:00 am – 12:00 pm unless otherwise noted above.

*Co-hosted with Mays Cancer Center

** Co-hosted with Cell Systems and Anatomy and Biochemistry
