- **Research:** Fellows will be introduced to research methodology early in fellowship. Protected time for research is provided to all fellows. Prior to graduation, each fellow will be required to complete at least one project of publishable quality. Faculty will provide guidance and support. Sources of funding for research support are available for projects of sufficient scope.
- **Case Log:** It is a requirement of the ACGME that fellows keep a log of their operative Orthopaedic procedures including closed reductions on emergency room procedures.
- **Working Environment:** Fellows will work in an environment that emphasizes an appropriate balance between the demands of patient care, the importance of hands-on learning, and the minimization of medical errors. Fellows will be expected to work within the guidelines of the 80-hour work week. Fellows and faculty will be expected to facilitate an environment that minimizes the potential for medical errors.
- **Vacation:** Fifteen (15) vacation days are granted per contract year; time off requests must be placed in advance (35days) and approved by the program director.
- **Sick Leave:** Ten (10) sick days with pay are granted each contract year. Sick leave pay shall be granted only in cases of actual illness. Sick leave must be cleared by the program director.
