

POSTER PRESENTATIONS 409-410L, Medical School Bldg		
<u>Number</u>	<u>Presenter</u>	<u>Title</u>
1	Jones Maxwell High School Student Department of Pediatrics (Neonatology)	Mesenchymal Stem Cell Conditioned Media Attenuates Lung Injury in an in vivo Model of Bronchopulmonary Dysplasia
2	Yuan Gao, MD J-1 Visitor Department of Pediatrics (Immunology & Infectious Diseases)	Role of Polyaromatic Hydrocarbons on the Development of Asthma
3	Ryan Van Ramshorst, MD Fellow, PGY-5 Department of Pediatrics (General Pediatrics) <i>(Presenter: Med Stdnt – Matthew Straight)</i>	Improving Care for Children with Special Health Care Needs: An Introductory Curriculum for Medical Students
4	Melissa Frei-Jones, MD, MSCI Associate Professor Department of Pediatrics (Hematology-Oncology)	Management of Acute Splenic Sequestration: A Clinical Practice Survey
5	Dawn McDaniel, MD Fellow, PGY-5 Department of Pediatrics (Neonatology)	Therapeutic Effect of Stem Cells on an in Vitro Experimental Model of Bronchopulmonary Dysplasia
6	Andrew Meyer, MD Assistant Professor Department of Pediatrics (Critical Care)	Cell-mediated Thrombosis in an Ex-Vivo & Clinical Study of Pediatric CPB
7	Mark Garcia, MD Resident, PGY-2 Department of Pediatrics	Improving Communication by Implementing an Individualized Discharge Document in a Pediatric Residency Clinic
8	Brian Iskra, BS Graduate Student Department of Pediatrics (Hematology/Oncology)	Elucidating the Role of Fibroblast Mitochondrial Dysfunction in Doxorubicin-Induced Cardiomyopathy

POSTER PRESENTATIONS 409-410L, Medical School Bldg		
<u>Number</u>	<u>Presenter</u>	<u>Title</u>
9	Alia Yaghi, BA 3 <sup>rd</sup> Year Medical Student Department of Pediatrics (Neonatology)	Breastfeeding Education and Support for Teenage Mothers: Assessing Curriculum Effectiveness
10	Monica Ruiz, MD, MPH Resident, PGY-2 Department of Pediatrics (Critical Care)	A Tall Tale of Cinderella Extubations: Should Extubations Wait till Once the Clock Strikes Shift Change?
11	Gregory Aune, MD, PhD Assistant Professor Department of Pediatrics (Hematology-Oncology)	Anti-interleukin-1 Therapy Prevents Myocardial Dysfunction and Left Ventricular Mass Enlargement in the Acute Phase of the Murine Kawasaki Disease Model
12	Amanda Lipsitt, MD Fellow, PGY-4 Department of Physiology (Hematology-Oncology)	A Clinical Description of the Medical Management of “Stigmata”
13	Jean Petershack, MD Professor Department of Pediatrics (Neonatology)	Individual Learning Plans as a Method for EPA Goal Setting and Documentation: A Pilot Study
14	Patricia DeForest, DO Resident, PGY-3 Department of Pediatrics	Timing and Templates: How We Went From Deficient to Efficient on the Pediatric Wards
15	Nicole Hensch, MS Graduate Student (Greehey CCRI)	miRNA Regulation of SNAI2 Directs Differentiation and Radiation Responses in Rhabdomyosarcoma
16	Karli McCoy, MD Resident, PGY-2 Department of Pediatrics	A Learner-Driven Medical Home Quality Improvement Project in a Pediatric Residency Program Increasing Supply of Breastfeeding Education

POSTER PRESENTATIONS 409-410L, Medical School Bldg		
<u>Number</u>	<u>Presenter</u>	<u>Title</u>
17	Carina Ramirez, MD, FAAP Fellow, PGY-5 Department of Pediatrics (Neonatology)	Body Composition in Exclusively Human Breast Milk Fed Infants: Maternal vs. Donor Expressed Breast Milk
18	Alexandra Quintanilla, MD Resident, PGY-1 Department of Pediatrics	Narrowing Patient Complaints to Shorter Visit Time: A Pediatric Resident QI Project
19	Prethish Sreenivas, PhD Postdoctoral Fellow (Greehey CCRI)	The Role of SNAI2 in Differentiation and Self-Renewal of Embryonal Rhabdomyosarcoma
20	Sanjeet Sandhu, DO Fellow, PGY-4 Department of Pediatrics (Endocrinology)	Predominance of ZnT8A in 4 Year Old Patient
21	Mireille Liboiron, DO Resident, PGY-2 Department of Pediatrics	Impact of Resident Directed Morning Report on Resident Satisfaction
22	Emily Carroll, MD Resident, PGY-1 Department of Pediatrics (Neonatology)	Regenerative Cell Therapy for Pediatric Right Ventricular Dysfunction: A Systematic Review of Preclinical Studies
23	Kristi George, MD Fellow, PGY-6 Department of Pediatrics (Hematology-Oncology)	Screening for Novel Therapeutic Agents for the Treatment of Aggressive Childhood Hepatoblastoma
24	Jonathan Manzo, MD Fellow, PGY-5 Department of Pediatrics (Critical Care)	Antibiotic Stewardship in Pre and Post Op Cardiac Surgery Patients

\* Competition in RED
