

# Department of Cellular and Integrative Physiology

School of Medicine

## Seminar Series Spring 2021

DATE	Time	SPEAKER	TITLE
1.25.21	12pm	Henry Colecraft, Ph.D. Professor Physiology and Cellular Biophysics Columbia University	"Deconstructing ubiquitin regulation of ion channels: from mechanisms to translation"
2.8.21	12pm	Edith Hamel, Ph.D. Professor Neurology and Neurosurgery McGill University	"TBD"
2.22.21	12pm	Olujimi Ajjola, M.D., Ph.D. Assistant Professor Medicine University California, Los Angeles Health	"TBD"
3.1.21	12pm	Yu Tian Wang, M.D., Ph.D. Professor Neurology University of British Columbia	"TBD"
3.22.21	12pm	Martin Paukert, M.D. Assistant Professor Cellular and Integrative Physiology UT Health San Antonio	"TBD"
3.29.21	12pm	David McKemy, Ph.D. Professor Biological Sciences University of Southern California	"TBD"
4.12.21	12pm	Harald Sontheimer, Ph.D. Professor and Chair Neuroscience Virginia Tech	"TBD"
May 2021	12pm	"TBD"	"TBD"
5.24.21	12pm	Hye Young Lee, Ph.D. Assistant Professor Cellular and Integrative Physiology UT Health San Antonio	"TBD"

ZOOM MEETING ID: 217 047 0487
