

Department of Cellular and Integrative Physiology
School of Medicine

Seminar Series Spring 2022 Page 1

Date	Time	Speaker	Title
1.31.22	12pm	Sarah Hopp, Ph.D. Assistant Professor Biggs Institute for Alzheimer's & Neurodegenerative Disease Department of Pharmacology UT Health San Antonio	"Calcium dysregulation and microglia dysfunction in Alzheimer's disease"
2.7.22	12pm	Sebastian Werneburg, Ph.D. Postdoctoral Researcher University of Massachusetts Chan Medical School	"Microglia-Mediated Synapse Elimination: A Therapeutic Target in Neurodegenerative Disease"
2.14.22	12pm	Junhua Yang Research Associate; Department of Physiology, Johns Hopkins University School of Medicine.	"A tale of two chloride channels in glial function"
2.28.22	12pm	Laura M. Bohn Chair Department of Molecular Medicine Department of Molecular Medicine, Department of Neuroscience The Scripps Research Institute	"Biasin Developing MOR Agonists"
3.7.22	12pm	Ukpong Eyo Assistant Professor, Center for Brain Immunology and Glia, Neuroscience Department, University of Virginia	"Microglial P2RY12 regulate brain functions in health and disease"
3.21.22	12pm	TBD	TBD
3.28.22	12pm	Lotta Granholm-Bentley, DDS, PhD Professor Department of Neurosurgery University of Colorado, Anschutz Medical Campus	"Age-related neurodegenerative disorders-biomarkers and biological mechanism"
4.4.22	12pm	TBD	TBD
4.11.22	12pm	TBD	TBD

Seminar Series Spring 2022 Page 1

Date	Time	Speaker	Title
4.18.22	12pm	Marco Colonna, M. D. Robert Rock Belliveau Professor of Pathology and Immunology Department of Pathology and Immunology BJC Institute of Health at Washington University	TBD
5.2.22	12pm	Keisa Mathis, PhD Assistant Professor, Department of Physiology & Anatomy UNT Health Science Center	"The control of renal inflammation in hypertension and renal disease"
5.9.22	12pm	Lezanne Ooi, PhD Associate Professor Illawarra Health and Medical Research Institute University of Wollongong	TBD
5.16.22	12pm	Kartik Venkatachalam, Ph.D. Associate Professor UTHealth Houston Department of Integrative Biology & Pharmacology	TBD
5.23.22	12pm	TBD	TBD
